## *Celebrating 150 Years of Caring*

### A Word from the Pastor

Almost every family has an album, a book of pictures which becomes over the years a record of its life. Here are pictures of newborn babies, First Communicants and grandparents. Here is the whole range of family life captured in pictures. Before long the family album gets a dog-eared look, so often do we get it out to remember the past, to see where we have been, to see how yesterday's children have become today's adults.

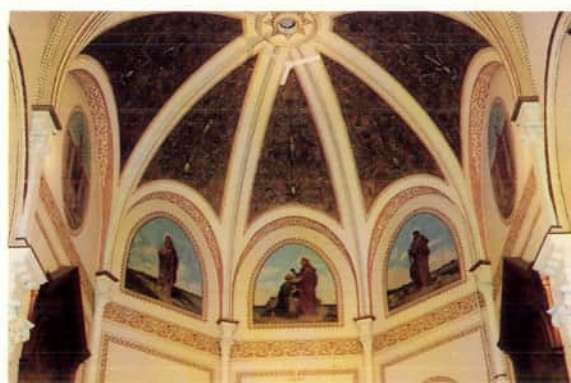

Here is the family album of St. John's Parish. Here is how we looked in 1985, when this parish directory was compiled. Before long the children in this book will grow up, the young will grow old, as we make our journey together to God's eternal kingdom.

As this directory is published, we are celebrating 150 years as a Christian community here at St. John. This is a time to remember the past. The men and women, the boys and girls, who appear on the following pages, are the children of other men and women who lived here before us. What we are today, we owe in large measure to them.

May this book be a treasured record of our life together and a testimony to the men and women to whom we owe our life and our faith.
